Experience

Triple Solutions Jun 2026 – Present

React Native Developer *Remote*

- **Asema** — Developed a production marketplace app, integrating **Aramex and RedBox** logistics, **Google Maps** for location-based store discovery, and **Tabby, Tamara, and Paymob** payment flows. Built offers, loyalty rewards, and a spin-the-wheel prize experience. **[App Store]**
- **ThrowBack** — Shipped a bilingual private family media-sharing app on Android and iOS, with album permissions, photo/video playback, **Pusher** real-time activity, **RevenueCat in-app purchases**, Tabby/Tamara and Moyasar checkout flows, and biometric protection for premium content. **[Google Play]** | **[App Store]**
- **Earno** — Built a two-sided real-estate investment marketplace with media-rich listings, investor search and filters, in-app chat, Moyasar payments, coupons, and support tickets. **[Google Play]** | **[App Store]**
- **PureSite** — Delivered a car-care booking app with service selection, order tracking, push notifications, and in-app cafe ordering. **[Google Play]** | **[App Store]**

Afaq Production Dec 2025 – Jun 2026

React Native Developer *Cairo, Egypt*

- Built and published the **Sanaiee** React Native/Expo app on Google Play, alongside a responsive Next.js web platform. **[Google Play]**
- Refactored legacy screens into reusable, typed UI components and restructured global state to reduce duplicated logic and improve rendering.

Freelance 2025 – Present

Frontend & React Native Developer *Contract*

- **Zakerly** — Built an Arabic React Native study planner with Pomodoro sessions, recurring schedules, streaks, analytics, AI-generated study materials from PDF/photo uploads, and Paymob paywalls; also developed a React/Vite admin dashboard.
- **Build Store** — Delivered an RTL-first Expo marketplace with buyer/seller role-based navigation, custom ESLint RTL checks, shared design tokens, and Arabic PDF invoices via expo-print.
- **Al Salam Trading** — Built a bilingual Next.js 15 B2B storefront and React/Vite dashboard with shared Zod contracts. **[Live]**

Internship

Information Technology Institute (ITI) Jul 2025 – Dec 2025

Front-End & Cross-Platform Developer Intern *Damanhour, Egypt*

- Completed an intensive 6-month program and built **Tadweer**, a role-based recycling platform with schema-driven forms and secure authentication.

Projects

Rawy Podcast App | *React Native, Expo, TypeScript, React Query* **[GitHub]**

- Built a listener/creator podcast experience with background audio playback and React Query-managed caching.
